14.05 Displacement Procedure

- a) In the case of abolishment of permanent positions, the University must place any employee benefiting from employment security in a newly created or a vacant position within the bargaining unit providing he/she can satisfy the normal requirements of that position.
- b) Beginning at the time of receipt of the notice of abolition, any employee benefiting from employment security and whose position is abolished will be given priority to fill any vacant permanent position, or failing that, to fill any vacant temporary position. However, the University's obligation to find a permanent position for this employee under the employment security provisions does not cease if the employee accepts a temporary position.
- c) The employee with employment security and whose position has been abolished is deemed to hold the required qualifications of the abolished position, including educational level. Furthermore, he/she shall not be refused a permanent position if he/she only lacks competencies or skills that can reasonably be acquired within eight (8) months of full-time training or twenty-four (24) months of part-time training, as determined by the University.
- d) Any employee benefiting from employment security whose position is abolished and who is placed in a position of a lower grade, maintains the salary of the abolished position.
- e) Any employee benefiting from employment security who refuses an assignment to a vacant position will be considered as having voluntarily resigned.
- f) An employee affected by the abolition of a position who cannot be assigned to a vacant position according to subsection 14.05 a) and who chooses to not resign and to receive the indemnity indicated in subsection 14.03 a) must accept:
 - i. to fill a temporarily vacated position, as long as he/she satisfies the normal requirements of the position;
 - ii. to fill a work surplus or be assigned to a special project.

In such cases, the University may assign the employee for a period of less than six (6) months to any position that is classified as grade nine (9) or higher. This may happen only once. For assignments of six (6) months or more, the University may assign the employee to a position that is no more than two (2) grades lower than his/her abolished position.

- g) At the end of the paid period of employment security, the employee has the right to bump a temporary employee with less seniority who is the incumbent of a position that was not posted, as long as he or she meets the normal requirements of the position in accordance with the provisions of subsection 14.05 c). In such a case, the employee's status will be that of a temporary employee.

The employee who bumps is subject to the trial period provided in subsection 13.02 b).

- h) An employee whose position has been abolished and who has been placed in another position in the bargaining unit is subject to a trial period of ninety (90) days worked. Upon agreement between the parties, the trial period can be extended up to one hundred twenty (120) days.

During the trial period the employee will continue to benefit from all the rights and privileges of the Collective Agreement.

The parties agree that during the trial period the employee is entitled to the appropriate training and assistance in order to facilitate integration into the new position. Mid-way through the trial period, the immediate supervisor will prepare a written progress report and will hold a formal meeting with the employee to discuss the report.

If during the trial period the University determines that the employee is unable to meet the normal requirement of the position, subsections 14.05 a) and f) apply.

14.06 Other Benefits

An employee who has acquired employment security and who has chosen to accept the severance indemnity is also eligible for the following benefits:

- a) Reimbursement of the cost of counseling from a professional chosen by the employee to obtain financial and taxation advice related to the severance indemnity;
- b) Placement services and job search advice from an external provider for a maximum period of six (6) months. The employer refers the employee to the chosen resource. The employee must take advantage of these services within the twelve (12) months following his/her resignation.
- c) An employee may choose to not take advantage of the services described in b) above and to choose instead additional professional financial and taxation counseling up to the value of the corresponding placement and job search counseling services. The employee must

take advantage of these services within the twelve (12) months following his/her resignation.

- d) Access to the University's health services and athletic facilities for a period equal to the notice and indemnity set out in subsection 14.03 a).
- e) The employee may choose to receive the amounts owed in virtue of the present article in the form of a single lump sum payment, two separate payments, or a paid leave of absence corresponding to the duration of the notice and severance indemnity as set out in subsection 14.03 a). In the case of a leave of absence, both the employee and the University continue their respective contributions to the pension and group insurance plans.
- f) Bridging

An employee whose position has been abolished and has at least ten (10) years of service, may choose to apply for a leave without pay, until the month in which he/she reaches age fifty-five (55) and then retire effective the last day of that month. The maximum duration of such leave without pay, will be equal to twenty percent (20%) of his/her years of service, up to a maximum of five years minus all periods of unpaid leave taken while employed.

The employee may choose to receive the amount owed in virtue to the present article in the form of a single lump sum payment, two separate payments, or in the form of bi-weekly payments over the period of the unpaid leave.

During this period, the employee retains his/her status as an active member of the university pension plan and maintains his/her participation in the group insurance plan with the exception of sick leaves and long term disability. The employee and the University continue their respective contributions to the pension and group insurance plans unless the employee chooses to become a non-contributing member of the pension plan in which case the employee's contribution shall cease. The contributions are calculated based on the annual salary at the time of the abolishment of his/her position.

An employee taking advantage of the bridging option is entitled to the tuition waivers set out in clause 14.03, as are his/her any dependents who register before or during the unpaid leave.

An employee who chooses a bridging option is not eligible for early retirement lump-sum benefits set out in clause 38.03.

24.10 Departments which have to operate with full staff during the period of summer hours (e.g. Office of the Registrar) can require that, during this period, employees keep working usual hours and take their time off either before or after the period of summer hours.

24.11 If an employee is unable to take advantage of the summer hours as they occur, the unused hours may be "banked" and then taken at a date agreed upon with the immediate supervisor. Such accumulated hours must be used up before the end of August, except in special cases when this is not possible due to the department workload. In such cases, the accumulated hours may be deferred. In all cases, these hours must be liquidated by May 31 of the following year.

ARTICLE 30 PARENTAL LEAVES

Preamble

This article shall not grant the employee any advantage, monetary or other, that he/she would not have been entitled to had he/she remained at work, and shall not extend the duration of the employment period of a temporary employee, nor grant any additional benefit after said employment period.

SECTION I: MATERNITY LEAVE

30.01 a) A pregnant employee is entitled to a maternity leave of eighteen (18) weeks duration which, subject to clause 30.04, must be consecutive.

The pregnant employee who has received QPIP benefits is also entitled to a maternity leave of two (2) weeks that must be taken at the end of the period of QPIP benefits.

- b) In the case of a termination of pregnancy occurring in or after the 20th week preceding the expected date of delivery the employee is also entitled to this maternity leave.
- c) The employee who becomes pregnant during an authorized leave or during an authorized part-time leave provided in the present article is also entitled to a maternity leave and to the allowance provided in section VI of this article, as applicable.
- d) The employee whose spouse dies shall be granted the balance of this maternity leave and of the additional maternity leave. The employee is entitled to all the rights and privileges relating to these leaves.

30.02 The distribution of the maternity leave, before and after the delivery is at the discretion of the employee. However, this leave shall not begin before the sixteenth (16th) week preceding the expected date of delivery and shall not end later than the twenty (20th) weeks after the week of the delivery.

30.03 If the birth occurs after the expected date of delivery, the employee is entitled to an extension of her maternity leave equivalent to the length of time the birth is overdue, unless she has at least two (2) weeks of maternity leave after the birth.

30.04 A maternity leave can be split, interrupted or extended in accordance with the conditions provided in section V of the present article.

30.05 The maternity leave may be of a duration of less than eighteen (18) weeks. If the employee returns to work within two (2) weeks following delivery, she must, at the University's request, provide a medical certificate attesting to the fact that she is fit to work.

SECTION II: SPECIAL LEAVES

30.06 a) Preventive withdrawals

An employee may request a provisional assignment to another position with the same job grade or with a different job grade, in the following cases:

- i) he is pregnant and her working conditions may be physically dangerous to her unborn child, or to herself;
- ii) her working conditions involve risks for the child she is breast-feeding.

The employee must provide a medical certificate to this effect as soon as possible. The employee retains the rights and privileges attached to the position she occupied when the provisional assignment was requested.

If the provisional assignment is not carried out immediately, the employee is entitled to a preventive withdrawal beginning immediately, unless she is later provisionally assigned, at which time the preventive withdrawal ends. If the employee is eligible to QPIP benefits, the preventive withdrawal ends at the beginning of the fourth (4th) week preceding the expected date of delivery, or else it ends on the date of delivery or, for the employee who breastfeeds, it ends at the end of the breastfeeding period.

During the preventive withdrawal, the employee's indemnity is determined in accordance with the provisions of the Act Respecting Occupational Health and Safety on preventative withdrawal for the pregnant or breastfeeding employee.

However, upon a written request to this effect, the University shall advance a sum equivalent to this anticipated indemnity to the employee. If the CNESST pays the anticipated indemnity, the reimbursement of this advance is made directly from the CNESST payment of said indemnity.

However, if the CNESST declines the employee's claim to this indemnity, the employee shall benefit from the leave provided for in subsection b) of the present clause. In this case, the University pays to the employee the difference between the advance already made and the amount to which the employee is entitled to under Article 36 of the Collective Agreement.

In the event that the employee is not entitled to the sick leave benefits and that she contests the decision of the CNESST, the reimbursement of the advance is not required until the decision is rendered by the TAT.

If the employee contests the decision of the CNESST and that the TAT renders a decision in favor of the employee, the employee must reimburse the amounts received under the sick leave provisions.

As soon as the University receives a request for preventive withdrawal, it immediately informs the Union of the name of the employee and the reasons for the request.

Should an employee other than the employee requesting to be provisionally assigned agree, his/her position may be exchanged for that of the pregnant employee for the duration of the provisional assignment, subject to University's approval. This provision shall only apply when both employees meet the normal requirements of the positions.

The employee with such provisional assignment to another position and the employee who agrees to take this provisionally assigned employee's position shall maintain all rights and privileges pertaining to the positions they respectively held at the moment of the exchange.

b) Other special leaves

An employee is entitled to a special leave in the following circumstances:

- i) When there is a risk of miscarriage or danger to the health of the employee or her unborn child, caused by the pregnancy and requiring a work stoppage, the employee is entitled to a special maternity leave upon presentation of a medical certificate prescribing the duration of this leave, and attesting the existing risk and the expected date of delivery; this leave is then considered as the maternity leave provided in clause 30.01, starting on the beginning of the fourth (4th) week preceding the expected date of delivery;
- ii) Upon presentation of a medical certificate prescribing the duration of the leave, when an interruption of pregnancy occurs before the beginning of the twentieth (20th) week preceding the expected date of delivery;
- iii) For visits with a health care professional related to the pregnancy or to the adoption of a child, up to a maximum of four (4) working days, which can be taken in half-days, without loss of salary.

During the special leaves granted under this section, the employee receives the benefits provided in clause 30.21 insofar as she is normally entitled to them, as well as the benefits provided for in clause 30.24. The employee covered by subsection 30.06 b) may also avail herself of the sick leave provisions or the salary insurance plan in the case of extended disability.

- c) When the pregnancy of an employee's spouse is interrupted during or after the twentieth (20th) week of pregnancy, the employee is also entitled to a leave of a maximum duration of five (5) working days, of which two (2) days are without loss of salary. This leave must be taken within fifteen (15) days of the interruption of pregnancy.
- d) The above-mentioned leave can be split into days, upon the employee's request.
- e) The employee may defer one (1) week of vacation if the birth or the interruption of pregnancy occurs during his planned annual vacation. The employee must so inform the University in writing.

- d) During this leave, the employee can, if he/she submits a request to the University at least thirty (30) days in advance, modify his full-time parental leave into a part-time parental leave, or vice-versa. The employee can avail himself/herself of this provision only once.
- e) In the case of a part-time parental leave, the request must specify the work schedule desired by the employee.

In case of disagreement with the University concerning this schedule, the employee is entitled to a maximum of two and a half (2 1/2) days per week or its equivalent. Failing agreement on the distribution of these days, the University determines the schedule.

The employee and the University can agree at any time to reorganize the part-time leave.

- f) The employee who wishes to end the parental leave before its expected date of termination must submit a written notice to this effect at least twenty-one (21) days before returning to work.

SECTION V: SPLITTING, INTERRUPTION OR EXTENSION OF THE MATERNITY LEAVE, PATERNITY LEAVE OR PARENTAL LEAVE

7 months 6 days	4 months 24 days	60%	67.5%
8 months 12 days	3 months 18 days	70%	75%

This right ceases at the moment the employee terminates his/her employment with the University, and in such an event the employee becomes responsible, as of the date of termination of employment, for a prorated amount of the tuition fees that had been waived. When an employee is laid off, the waiver of tuition remains in effect for the duration of the current semester.

The employee who at the time of hiring is registered for a course or courses given by the University shall receive an exemption from the tuition fees prorated to the date of hire.

35.04 Upon the employee's return to work, the University reintegrates her/him into the position he/she occupied at the moment of his/her departure, or into an equivalent position if his/her position has been abolished or posted. However, positions left unoccupied as the result of a work accident or an occupational disease for a period not exceeding twenty-four (24) months are not considered vacant positions.

35.05 When an employee who had a work accident or suffered an occupational disease returns to work, the University pays his/her net salary for each day or part of a day when the employee must be absent from work in order to receive care or undergo a medical exam related to his/her injury or disease, or to fulfill an activity within the framework of an individualized rehabilitation program.

Upon request, the CNESST reimburses the University the salary it paid by virtue of the preceding paragraph, except when the employee is absent from work to undergo a medical exam required by the University.

35.06 As for the other terms, the parties are subject to the provisions of the Act respecting Industrial Accidents and Occupational Diseases.

- 36.05** Successive periods of disability that are entirely unrelated in cause are also considered to be part of the same period of disability if they are separated by a return to work of one (1) month or less.
- 36.06** Employees receiving paid sick leave must provide, upon request, satisfactory medical proof of disability.
- 36.07** Disability periods of four (4) months or less have no effect on an employee's participation in or eligibility for any other benefits under Article 37 of this agreement.

First, consideration will be given to modifying his/her position if the duties of this position can be modified to allow the employee to perform the functions involved.

However, in cases where the employee's position cannot be modified to achieve the foregoing, the University will make every effort to then place the employee in another position in the bargaining unit, where such a vacancy exists, without loss of salary or benefits.

Should no suitable position be available in the bargaining unit, the University shall place the employee in another available position at the University without loss of salary or benefits.

With respect to the temporary employee, the duty to accommodate will conclude at the termination date of the assignment subject to the right of the employee to be placed on the recall list or to obtain a position as provided for under the Collective Agreement.

An employee who is at least sixty (60) years old, and who has completed ten (10) years of service, may choose to take gradual retirement over a maximum period of three (3) years, so that he/she will be on full retirement, at the latest, by the first of the month following the date that he/she reaches sixty-five (65) years of age.

38.05 A request for gradual retirement must be submitted in writing to the immediate supervisor at least three (3) months prior to the starting date of gradual retirement. This request must be accompanied by a document signed by the employee in which he/she acknowledges that his/her retirement will begin at the expiration of the gradual retirement period and, in all cases, at the latest by the first of the month following the date that he/she reaches sixty-five (65) years of age.

38.06 As of the starting date of gradual retirement, the University will reduce the employee's work load by forty percent (40%) for the three (3) year period.

38.07 During the period of gradual retirement, the employee will receive seventy-five percent (75%) of the wages he/she would have received if his/her workload had not been reduced. The other conditions of employment provided for in the Collective Agreement remain unchanged.

38.08 An employee who finishes a period of gradual retirement cannot take advantage of clause 38.03.

However, if he/she takes early retirement during or at the end of his/her first or second year of gradual retirement, clause 38.03 applies at a rate of fifty percent (50%).

ARTICLE 39 SALARIES

39.01 The salary scales in effect are those which appear in Appendix 1.

39.02 The salary scales are increased as follows:

June 1, 2023:	4.8 % (or: the increase (commonly known as Government Salary Policy (GSP)) provided for in the Règles Budgétaires for the teaching and teaching support grant, for 2023-2024, whichever is the greatest)
June 1, 2024:	3.2 % (or: the increase (commonly known as Government Salary Policy (GSP)) provided for in the Règles Budgétaires for the teaching and teaching support grant, for 2024-2025, whichever is the greatest)
June 1, 2025:	3.0 % (or: the increase (commonly known as Government Salary Policy (GSP)) provided for in the Règles Budgétaires for the teaching and teaching support grant, for 2025-2026, whichever is the greatest)

39.03 Retroactivity

The salary increases are paid retroactively to the employees who are employed by the University at the moment of signature of the Collective Agreement, and to the employees who have retired between May 31, 2023 and the date of signature of the Collective Agreement.

The adjustments resulting from the preceding paragraph apply to all paid hours, supplementary allowance paid as provided in Article 30, and to the premiums based on the salary. The retroactivity to June 1, 2023 shall be paid within sixty (60) working days of the signature of the Collective Agreement.

Any employee who has left the employ of the University since May 31, 2023 is eligible to the retroactive payment as provided in this clause, on written request addressed to the Human Resources department, within ninety (90) working days of the signature of the Collective Agreement. In such case, the University shall issue the payment within sixty (60) days of receipt of the request.

In the case of an employee who has retired between May 31, 2023 and the date of signature of the Collective Agreement, the contributions to the Pension Plan, as well as the pension benefits will be adjusted to reflect the salary increases provided in clause 39.02 applicable before the date of retirement.

39.04 An employee whose salary, the day preceding an increase in salaries and salary scales, is above the maximum for the scale for his/her grade on the day of the increase does not receive an increase in salary. Instead, he/she receives a lump sum payment equal to his/her salary multiplied by the percentage increase in the salary scales. This lump sum is distributed over the pay periods between June 1 to May 31 of the following year.

When the maximum salary of the scale catches up with an employee's out-of-range salary, he/she receives the new maximum salary for the grade. However, if the salary increase he/she receives is less than his/her salary the day preceding the increase multiplied by the percentage increase in the salary scales, he/she receives the difference in the form of a lump-sum payment. This lump sum is distributed over the pay periods between June 1 to May 31 of the following year.

For the purpose of the Concordia University Employee Pension Plan, these lump sum payments are considered to be part of the base salary.

ARTICLE 40 PAYMENT OF SALARIES AND CLASSIFICATION

40.01 Employees are paid on Friday, every two (2) weeks. Should a pay day fall on a statutory holiday, the pay day will be the preceding working day.

40.02 In the event of a termination of employment, the University remits at the time of departure, to the employee who has made the request in sufficient time to allow at least eleven (11) working days for processing the termination of employment, and providing the effective date of termination coincides with the regular bi-weekly payroll run, all salaries and vacation indemnities due to her/him. Settlement options in respect of termination benefits under the Pension Plan will be forwarded within sixty (60) days from the date of termination.

40.03 The parties agree that the salaries in Article 39 and the mechanisms provided in the present article apply to all employees.

40.04 Determination of the classification of employment during this agreement

- a) As of his/her hiring, the employee will be assigned to a job and remunerated in accordance with the grade of that job.
- b) Job Profile

In all cases, the grade is determined by the nature of the work, the characteristics and requirements of the job as outlined in the job profile and the job evaluation questionnaire.

The job profile includes the following:

- Overall purpose of the position
 - Reporting relationship;
 - Accountability;
 - Position scope;
 - Judgement and autonomy;
 - Working conditions and physical environment.
 - Major responsibilities.
 - Decision making.
 - Education and experience required.
- c) At the time of hire, the University will write to the employee, with a copy to the Union, confirming the position to which the employee has been assigned, along with its grade, the employee's education and relevant experience and the step at which the employee has been positioned. The University will provide the employee and the Union with a job profile within twenty (20) working days of hire.
 - d) When an employee changes position, the University will provide the employee and the Union with the job profile within twenty (20) working days of said change.

- e) When an employee's job profile changes, the University will provide the employee and the Union with the new job profile within twenty (20) working days of said change.

40.05 Appeal concerning job evaluations

When an employee requests a grade higher than that assigned to his/her position and is not satisfied with the decision made by Department of Human Resources and Employee Relations, the parties agree to submit the case in dispute to the Labour Relations Committee described in clause 11.07.

If the Labour Relations Committee cannot come to an agreement, the Union may submit the case to an arbitrator whose jurisdiction will be limited to determining whether the grade of the position should be increased based on the job evaluation system in place at the university.

Before the arbitration, the parties jointly draft a statement containing the facts agreed upon by the parties as well as their differences. Each party submits, in support of their claim, the pertinent documents which they wish to present to the arbitrator, as well as a list of witnesses and a summary of each person's testimony. Only the points in dispute are presented to the arbitrator.

The arbitrator will render a summary decision without summarizing the evidence. Should the arbitrator come to the conclusion that the position is of a higher grade, the new classification is retroactive to the date that the request for reevaluation was submitted to Department of Human Resources and Employee Relations. Unless there is an agreement to the contrary, each case is without precedent.

- 40.06** The employee hired after the signing of this agreement is placed at the first step of the salary scale of his/her grade, unless he/she has relevant qualifications (education or experience) higher than those required for the position, in which case he/she will be granted an additional step for each year of relevant experience above the minimum required, as well as additional steps for relevant education above the minimum required, in accordance with clause 40.08.

- 40.07** On June 1st of each year, the employee receives a step increase, unless he/she was hired on or after March 1 of the current year.

- 40.08** The employee who has completed one year (30 credits) of relevant education over and above the education required by his/her position will be granted an additional step. He/she will be granted two (2) steps in the case of a Masters degree and three (3) steps in the case of a Doctorate degree.

Additional education compensated under the provisions of the previous Collective Agreement does not give the right to additional steps under the terms of the present clause.

40.09 Promotion, Transfer, or Demotion

Changes of grade, promotions, transfers or demotions do not affect the date for step increases.

40.10 The employee who transfers to a position with the same grade remains at the same step unless his/her position of origin or his/her position obtained results from a pay equity adjustment, in which case, the provisions that apply are those prescribed by subsection 40.10 b) or clause 40.11, as the case may be.

40.11 Promotion

a) The employee who is promoted to a position with a higher grade or if his/her position is reclassified to a higher grade, will receive, starting from the date of the promotion or reclassification, the most advantageous of the following options:

- the first (1st) step in the higher grade
or
- the step in the superior grade that corresponds to a reduction of two (2) steps for each increase in grade.

b) If the salary scale of the position of the employee before the promotion or of the position to which he/she is promoted results from a salary equity adjustment, the number of steps of reduction in the new scale is calculated as follows:

- $\left[\frac{(\text{maximum of the salary scale of the new position divided by the maximum of the salary scale of the previous position}) - 1}{0.09} \right]$, divided by 0.09
- The previous result multiplied by 2 and rounded to the closest unit.

This translates in this formula:

$$\left[\frac{(Mn \div Mo) - 1}{0.09} \right] \times 2 \text{ rounded up to the closest unit}$$

- Mn is the maximum of the salary scale of the new position
- Mo is the maximum of the salary scale of the position of origin

40.12 When an employee voluntarily transfers to a position with a lower grade, his/her salary is reduced by an amount corresponding to the difference between the first two (2) steps of the salary scale of the new position. If the reduction places the salary between two (2) steps, he/she receives the immediately lower step.

However, when a position is reclassified to a lower grade, the employee continues to be paid by virtue of the grade that applied prior to the reclassification and continues to receive all step

increases and raises as if the position had not been reclassified. This applies as long as the employee remains the incumbent of the said position.

40.13 An employee assigned to a position with a lower grade as a result of the application of Article 15 will not suffer any reduction in salary. However, if his/her salary is superior to the maximum of the job to which he/she has been assigned, it will be reduced to the maximum of the job grade after a delay of six (6) months.

ARTICLE 41 TEMPORARY EMPLOYEES

41.01 Temporary positions that exist for thirty-six (36) months or more are automatically transformed into permanent positions. If the position is filled by the same temporary employee for thirty-six (36) months or more, he/she is confirmed in the position on the condition that he/she satisfies the requirements of the position, and he/she acquires the status of a permanent employee. Otherwise, the position is posted in accordance with the procedures set out in Article 17.

This provision does not limit any legal recourse available to the employee and the Union related to temporary positions under the terms of the certificate of accreditation and of the Collective Agreement.

Appendix D Sample Contract - Deferred Salary Leave

DEFERRED SALARY LEAVE CONTRACT

between

CONCORDIA UNIVERSITY

(hereafter « University »)

and

(Name of the employee)

(hereafter « participating employee »)

1. Definitions

Collective Agreement: the Collective Agreement in effect between the University and the Concordia University Professional Employee's Union (CSN).

Contribution Period: period during which the Participating Employee contributes a portion of her/his salary to the DSLP in anticipation of the Leave.

Deferred Salary: the portion of the earnings that a participating employee requested the University withhold from his/her salary during the Contribution Period to be saved in anticipation of the leave during which these amounts, as well as the interests accumulated, will be paid.

Deferred Salary Leave Plan (hereafter "DSLP"): Plan allowing an employee to finance their leave by deferring a portion of their salary according to the fiscal regulations in force. The employee will therefore have a portion of their salary withheld during a determined period to benefit from a paid leave at a later date. The DSLP is not intended to provide retirement benefits or to defer income tax. The DSLP consists of a Contribution Period by the Employee, accompanied by a Leave Period.

Earnings: the regular annual salary received from the University by an eligible employee in a plan year.

Eligible Employee: any permanent Employee.

Fund: the trust fund established pursuant to the trust agreement with the Trustee to which deferred salary is paid by the University and from which payments are made to participating employees in accordance with the terms of the DSLP.

Leave: the period of time following the deferral period in which a participating employee is on an authorized leave of absence from employment with the University, during which he/she cannot accept nor receive an offer for any remunerated activities with the University.

Participating Employee: shall mean an eligible employee who has applied for and been granted participation in the DSLP.

Participation Period: Contribution Period plus the Leave.

Plan year: a period of twelve (12) consecutive months.

Trustee: shall mean a trust company incorporated under the laws of Canada or a Province.

2. Collective Agreement

2.01 All clauses relating to the deferred salary leave contained in the Collective Agreement reached between the University and the Concordia University Professional Employee's Union (CSN), as per the text in effect at the time of signing of the present agreement, are deemed to be a part of the present agreement.

3. Deferred Salary

3.01 During each plan year prior to the leave, the University will deduct the deferred salary from the participating employee's earnings and pay such amount to the Trustee to be held in the Fund. The deferred salary deduction shall be pro-rated over periodic payments of earnings made to the participating employee in the deferral period. In no case shall the deferred salary exceed thirty-three and a third percent (33 1/3%) of the participating employee's earnings. The product of the deferral period multiplied by the percentage of deduction shall not exceed one hundred percent (100%).

The Trustee shall establish and maintain on its books for the Fund a separate account for each participating employee. The Trustee shall hold and invest the deferred salary received in accordance with the provisions of the Trust Agreement. Investments will be placed in an account or investment that minimally guarantees the amount invested.

3.02 Prior to the end of each calendar year, the income earned on the aggregate amount of the deferred salary which is held by the Trustee in the participating employee's account and that is reasonable to believe that is the revenue for the year of the trust fund, will be paid out within the tax year.

3.03 The Trustee shall provide to each participating employee an annual report showing the aggregate of deferred salary held in trust in the employee's account, interest earned therein and payments, if any, made there from.

3.04 All amounts held for the participating employee shall be paid to the employee no later than the end of the first taxation year that commences after the end of the deferral period.

3.05 The participating employee's contributions will begin on _____ and end on _____.

3.06 Each year of the contribution period, the participating employee will defer ____ % of their salary.

4. Income Tax

4.01 During the contribution period, the University will make required deductions from a participating employee's earnings actually paid.

4.02 During the leave, the University will make required deductions from a participating employee's earnings actually paid.

5. Salary and benefits during leave

5.01 During the Leave, the participating employee:

- a) Continues to accumulate seniority;
- b) Is not eligible to benefits from the sick leave program or from the long term disability insurance plan;
- c) Can continue to participate in the University benefits program outlined in clause 37.01 by choosing which plan(s) he/she wishes to maintain during the leave, and at the condition of paying the required premiums and contributions, including those that would normally have been paid by the University, subject to the terms and conditions of these plans the participating employee will be paid the bi-weekly deferred salary held in his or her account in trust;
- d) can continue to accumulate recognized service for the purposes of the Concordia University Pension Plan if she chooses to maintain this plan per the previous subsection;
- e) is subject to all the provisions of the Collective Agreement, where applicable.

5.02 The contributions and premiums payable by the Participating Employee to maintain his/her participation in the different benefit programs provided in clause 5.01 are deducted from the payments made to the Participating Employee by the University during her/his leave.

5.03 In the event that the amounts paid during the Leave are insufficient to allow for the withholding at the source of the contributions to the Concordia University Pension Plan or to the applicable benefit program(s), the Participating Employee must pay the contributions or premiums in advance to the University, at the start of each trimester of the Leave.

5.04 The Participating Employee must notify the University at least one (1) month prior to the start of her/his leave, of her/his intention to maintain or not her/his participation in the different benefit programs specified in clause 5.01, whichever is the case

6. Withdrawal

6.01 A participating employee who, at any time during his or her participation in the DSLP:

- a) ceases to be employed by the University;
- b) retires; or
- c) dies;

is deemed to have withdrawn from the DSLP effective as of the moment they cease to be employed by the University, the retirement or the death.

6.02 A participating employee may withdraw from the DSLP at any time during the deferral period upon one (1) month's prior written notice to the University.

6.03 Upon withdrawal, pursuant to clauses 6.01 and 6.02, the participating employee, or his or her estate, shall receive within thirty (30) days following the withdrawal or the receipt of the notice of such withdrawal, as the case may be, the entirety of the sums that are in the trust fund. This payment is subject to all applicable income tax deductions.

6.04 The contribution period to the DLSP is suspended for the duration of maternity leave, paternity or parental leave provided in Article 30 of the Collective Agreement, as well as during the absence for preventative withdrawal, work accidents, long term disability, study leave, or authorized leave without pay. However, the duration of the suspension does not have for effect to prolong the total contribution period including the interruption period for more than the period of six (6) years following the day of the first instalment differed for the purpose of the leave.

During such suspension, the indemnity, the allowance, the supplementary allowance or the salary to which the employee is entitled, whichever the case may be, shall be established based on what would be paid if he/she was not participating in the DLSP.

7. Postponement

7.01 The University may request, if necessary, that a participating employee entitled to said leave defer the leave from the agreed plan year of leave. The University shall notify the participating employee of such a requirement at least six (6) months prior to the leave. In the event of such postponement, the University shall pay to the participating employee the amount of any payment, any non-refundable deposit and any other associated costs made by the participating employee towards enrolment in an educational institution. For this purpose, the participating employee shall present to the University official receipts from the institution and elsewhere to support his or her claim for payment.

7.02 A participating employee may request that the University defer the leave from the agreed plan year of leave. Such requests shall be made by the participating employee at least six (6) months prior to the date at which the leave was to commence. The University may accept requests after such time at its discretion.

7.03 Any postponements made under this Article 7 shall not:

- a) be for more than one (1) year;
- b) be demanded of or by the participating employee more than once;
- c) postpone the start of the leave later than six years following the day of the first instalment differed for the purpose of the leave.

- 8.02 The leave of the participating employee will begin on _____ and end on _____.
- 8.03 During the leave, the participating employee receives the sums accumulated in the Funds, in equal instalments at each regular pay period.
- 8.04 During the leave, the amounts paid to the participating employee are taxable and prescribed deductions apply.

Letter of Agreement 2 Concerning a Procedure for Harassment Complaints

The parties agree to temporarily suspend the application of clause 7.07 and to replace it by the following procedure:

Preamble

If, in the opinion of an employee, there has been harassment, the following procedure does not prevent the employee from temporarily leaving the work place and seeking immediately counsel from a union representative or from discussing the situation with his/her immediate supervisor.

Procedure

- a) The employee who believes he/she has been harassed may submit a grievance under the terms of the Collective Agreement or, if he/she wishes, submit a complaint to the university facilitator who reports directly to the President's Cabinet. Depending on whether he/she submits a grievance or a complaint, the University or the Facilitator may remove the employee from his/her position or reassign him/her without loss of salary or benefits, until the investigation is completed and a solution has been proposed and put in place.
- b) Complaints should be submitted as soon as possible, but at the latest within two (2) years of the supposed incident or of its discovery.
- c) Subsection 11.01 j) will apply for meetings with facilitator or the assessors.
- d) Should the employee choose to submit his/her complaint to the facilitator, the latter must, within three (3) working days following the submission of the complaint, assign an assessor, that is to say, a person external to the university, trained in the field, to investigate the complaint and to prepare a report and, if warranted, make recommendations to correct the situation. The employee and the Union are advised in writing of the appointment of the assessor. The assessor must submit his/her report to the facilitator, with copies to the employee, the Union, and the University, within ten (10) working days of his/her appointment, unless the parties and the person making the complaint agree to extend the delay.
- e) If the recommendations are accepted by the employee, the Union, and the University, they are implemented.
- f) If the employee is not satisfied with the recommendations or if the University refuses to implement the recommendations that have been otherwise accepted by the employee and the Union, he/she may resort to the grievance and arbitration procedure as set out in Article 12.
- g) If he/she wishes, the employee may be accompanied by a union representative at each step of the procedure. If an employee submits his/her complaint directly to the facilitator, the Union is informed of the complaint unless the employee objects.

- h) In the case of conflicts between members of the Union, the Union may appoint another person to act on behalf of the employee against whom the complaint has been made.
- i) At any point, the employee may withdraw from the above described procedure and opt for the grievance and arbitration procedure.

The present agreement remains in effect for the duration of the present Collective Agreement.

Letter of Agreement 3 Concerning Educational Equivalencies

1. This agreement modifies the application of clause 17.04 insofar as a candidate for a position may not meet the educational requirements as listed in the job posting.
2. An employee who is permanent on September 1, 2002 may apply for a position requiring academic credentials superior to the ones he/she holds provided that he/she is within two (2) years or less (full-time) of acquiring the required degree.
3. If the employee obtains the position, the appointment will be conditional on the successful completion of the following courses within a seven-year period:

Relevant professional training of 5 courses, up to two hundred and thirty (230) hours, related to the responsibilities of the position in accordance with an agreement reached by the employee, the immediate supervisor and Department of Human Resources and Employee Relations. If the employee has the equivalent of one or more of these courses, as determined by Department of Human Resources and Employee Relations, then the employee will not need to take these particular courses.

4. Upon appointment, the employee and the Union sign an agreement that confirms the conditional nature of the appointment and stipulates that, if the conditions are not fulfilled, the salary increase will be reduced proportional to the number of courses not successfully completed. As well, the employee will not be allowed to avail himself/herself of this letter of agreement until he/she has successfully completed all the required courses.
5. Notwithstanding point 2 of this agreement, an employee having employment security whose position is abolished will be deemed to hold the educational level normally required for the abolished position.
6. An employee who applies for a position at the same grade level is deemed to satisfy the normal educational requirements for that grade level.
7. This agreement does not apply to a Masters degree (or greater), specialized technical diplomas, or professional diplomas (for example: Engineering, Law, Architecture).
8. This agreement does not apply to other requirements such as language and computer proficiency levels.
9. The University liberates the employee for the number of course hours.
10. Employees who meet the criteria of this agreement may, in anticipation of applying for a position inside or outside the bargaining unit, obtain liberation time for the number of course hours required for a conditional appointment to a position.
11. Diplomas, certificates, or degrees obtained prior to the establishment of CEGEPS in

Quebec (1967), non-credit courses in professional schools, professional diplomas, as well as diplomas obtained outside Quebec or Canada will continue to be examined by Human Resources and Employee Relations and considered for educational equivalencies.

Concordia University Professional Employees Union (CSN)

(hereafter « Union »)

WHEREAS the University and the Union have agreed during the negotiation of the renewal of the Collective Agreement expiring May 31, 2010, to form a committee to have a discussion regarding seasonal employees' working conditions;

WHEREAS the University and the Union agreed to clarify seasonal employees' working conditions;

WHEREAS seasonal employees are considered to be permanent part-time employees;

THE PARTIES HAVE AGREED TO THE FOLLOWING :

1. The preamble is an integral part of this letter of agreement.
2. The clauses of the collective agreement apply in consideration of the specifications hereafter.
3. For clarification purposes, seasonal employees are employees that perform the duties for a seasonal position which requires work for a period inferior to twelve (12) months over successive years of employment.
4. When the collective agreement provides benefits calculated on a proportional basis for part-time employees, for seasonal employees, they are calculated proportionally to the percentage of time worked during a regular year of work.
5. The University determines, at the time of posting, the duration of the work required annually that will be associated to the seasonal position. The seasonal employee is informed in advance of the start and end date of the annual work period. In the event of changes to the operational needs, this period may be modified by advising the employee in writing thirty (3) days in advance. Failing to advise the employee thirty (30) days in advance, the start or end date may be modified upon agreement between the employee and his or her immediate supervisor.

6. In the event that the University abolishes a permanent seasonal position and that the employee in this position has employment security, the terms of Article 14 of the Collective Agreement shall apply, with the following conditions :
 1. If the permanent seasonal employee opts for a severance indemnity, as provided in clause 14.03, the following conditions apply for the calculation of the indemnity :
 - i. Years of service include the period that isn't worked;
 - ii. The annual salary is the salary paid for the period normally worked plus the period corresponding to vacation pay.
 2. If the seasonal employee opts for employment security, his or her period of paid employment security corresponds to the period normally paid during a normal year (worked period plus period corresponding to vacation pay).
7. Vacation days are paid at the end of the period of work, in accordance with the terms of clause 29.04 and the contributions to the benefits program for the corresponding period are maintained for the employee and the University. Notwithstanding what precedes, the seasonal employee may avail him or herself of ten (10) days of vacation during the period worked upon agreement with his or her immediate supervisor regarding the dates. If the operational needs allow it, the immediate supervisor can authorize the seasonal employee that makes the request to use more vacation days during their work period. In that case, the payment of vacation days will be reduced by the equivalent number of vacation days used.
8. Tuition fee waivers provided in article 33 of the Collective Agreement are prorated to the duration of the seasonal employee's work. The waivers may be used during the period not worked.
9. The seasonal employee may, if he or she wishes, maintain his or her participation in the University collective insurance plan (except for long term disability insurance) during the period not worked. In such a case, the employee and the University will contribute their respective portion of premiums.
10. The seasonal employee may if he or she wishes, avail him or herself of the possibility to spread out their annual salary over the full year, including the period during which they are laid off. To do so, the employee must inform Payroll Services in writing thirty (30) days before the beginning of their yearly work period. In such a case, the participation of the employee in the collective insurance plan is maintained over the full year and the employee as well as the University contribute their respective portions of the premiums. However, premiums paid by the University for the long term disability insurance are laid out over the full year.
11. For the purpose of the applying paragraph 30.18 c), the period not paid is considered an unpaid leave.
